

**Sample Letters or State Representative and State Senator:**

For maximum impact, use your own words and make it personal.

The Honorable {Representative's Full Name}  
Complete Address

Dear Representative {Last Name},

As an informed and voting constituent, I ask that you please support House Bill 2037, sponsored by Representatives Diamond and Ryan, to require schools to disclose vaccine exemption information whenever school attendance vaccination requirements are announced.

This topic is extremely important to me because schools have misled parents by withholding information from the about current PA School Code. *{LIST additional reasons which could include personal injury, knowledge of injury and items from the Talking Points listed above.}*

I appreciate your time to serve your state and would appreciate speaking to you further about this topic which impacts us all.

Sincerely,

Your Name
