

# TEST YOUR KNOWLEDGE OF THE COVID-19 VACCINES!

## TAKE THE COVID VAX QUIZ!

1) Has this experimental vaccine been proven safe and effective?

2) Will the product manufacturers compensate you or your family if you are injured or killed by the injection?

3) Will this experimental injection prevent you from getting infected with the Covid-19 virus?

4) Will getting this experimental injection stop you from transmitting the virus to others?

5) Will getting the Covid-19 injection prevent you from Covid-19-related hospitalization or death?

## CHECK YOUR ANSWERS!

**1)"Safe and effective" is actually a marketing slogan, not a scientific fact. These products have not been tested as thoroughly as every other vaccine. They are NOT FDA approved.**

**4)Transmission has not been studied, tested or confirmed, therefore, it is still unknown.**

<https://www.fda.gov/media/144245/download>

**5)The studies for this were too small to be conclusive, therefore, it is still unknown.**
